

Derisk your cloud ERP migration with Infor Leap

A smarter, lower-risk way to modernize your ERP and accelerate time-to-value

The shift to cloud ERP is inevitable

Legacy enterprise resource planning (ERP) systems often hold businesses back from innovating, scaling, and competing effectively. Moving to the cloud is no longer a question of “if” but “when.” As markets evolve faster than ever, organizations must modernize systems that can no longer keep pace with the demands of today’s business environment.

That’s why companies of all sizes across all industries are moving from on-premises ERP to Infor CloudSuite™—powered by the Infor™ Industry Cloud Platform and hosted by Amazon Web Services® (AWS®). Infor cloud ERP combines advanced technologies, such as generative artificial intelligence (GenAI), robotic process automation (RPA), agentic AI, and process mining, with deep industry specificity to deliver scalability, security, and continuous innovation.

Infor Leap delivers a fast, smart, and low-risk ERP cloud migration

For many organizations, moving to the cloud can seem complex and uncertain. Infor Leap changes that with a fast, smart, and low-risk approach to ERP modernization. This fixed-fee, cloud ERP implementation program, for Infor on-premises and single tenant customers, delivers a fully scoped solution with a guaranteed price and a transparent go-live date—so you know exactly what to expect, when to expect it, and at what cost. Backed by an exclusive two-year satisfaction clause, Infor Leap enables organizations to accelerate their time to value and modernize with dramatically less risk.

Low risk

Infor Leap minimizes implementation uncertainty with a fixed timeline and transparent go-live date. Avoid the complexity of open-ended projects with proven, prebuilt industry processes designed to your industry and specific needs that help you go live with confidence.

Low total cost of ownership (TCO)

Benefit from a fully scoped solution at a guaranteed price—no surprises. Enjoy fixed-fee Infor services, and pay no additional software fee for Infor CloudSuite for your first year.

Fast time-to-value

Transition to the cloud quickly and smoothly with expert guidance from the Infor team. Following go-live, continue to receive support to maximize your investment through process optimization, innovation, and user adoption.

How Infor Leap supports your cloud journey

Industry-specific cloud ERP

Infor CloudSuite ERP solutions embed industry best practices from day one, reducing costly customizations with prebuilt processes tailored to your business. Powered by the [Infor Industry Cloud Platform](#), you benefit from built-in AI, automation, and analytics for smarter operations.

Deployment and adoption: [Uncover value](#)

Deploy with confidence—on time, on budget, and on value—using the proven Infor Time-to-Value Methodology and fixed-fee Infor services. Optimize processes with AI-driven tools and drive user adoption and engagement through the Infor Adoption Accelerator digital platform.

Readiness: [Define value](#)

Develop a personalized cloud ERP migration roadmap with a complimentary Cloud Readiness Workshop. Accelerate go-live with a production-ready demo tenant and standardize best practices using Infor's Industry Process Catalog.

Value realization: [Surface value](#)

Infor's support continues beyond go-live. Customer Success Executives and in-app tools help you sustain long-term value through services like [Infor CareFor Success](#) and Infor Community, with the option to add [Infor Velocity Suite](#) and receive one year free.

"The migration to the cloud has allowed us to eliminate the bespoke developments we previously had. Our small IT team is now taking advantage of the system configurability and open architecture to meet our more specific business needs."

Pierre-Philippe Galmes
Project Director

"With Infor, we know we can adapt to new releases or onboard a new team in weeks or months, not years. They don't launch and leave. It's a true collaboration rooted in our goals."

Erik Beckers
Chief Information Officer

Leap ahead, land with confidence

With Infor Leap, your move to the cloud is clear and controlled. A structured migration approach ensures minimal disruption, predictable costs, and faster value realization from day one.

Infor CloudSuite offering

- Pay no additional software fees in your first year
- Add [Infor Velocity Suite](#) and get your first year free
- **Infor is committed to your success:** We earn your confidence every step of the way with an exclusive two-year satisfaction assurance

Infor Services offering

- Complimentary Cloud Readiness Workshop with industry experts
