

# We are INFOR.

**Infor is the industry-specific cloud company.** We provide mission-critical enterprise applications that deliver sustainable, operational advantage to our customers globally.

**We succeed only when our customers succeed.** Infor's customers achieve superior outcomes by leveraging our continuously evolving, differentiated solutions. Our products and services, combined with deep industry expertise, lead directly to better agility, deeper business insights, and holistic productivity improvements.

**The capabilities and commitment of our people fuel our success.** Infor's diverse and global workforce is collaborative, innovative, and passionate about our customers and Infor. We have a bias toward action and endeavor to break down silos across our teams and our partners to deliver on our promises. Our people seek, share, and apply knowledge to generate value for Infor and our customers.

**Our extraordinary financial strength, ownership structure, and long-term view empower us to foster lifetime, mutually beneficial relationships with customers, employees, and partners.**

**Infor aspires to be a great place to work, a recognized innovator, and a leader in customer experience, as we rapidly expand our market share with sustained, profitable growth.**
