

Accelerate Innovation with Infor Value+

The connection between innovation, growth, and industry advantage is stronger than ever. The faster you can innovate, the more likely you will outperform your competitors. It can come in the form of hyper-productivity, new ways to generate revenue, or better outcomes for your customers.

Infor Value+ solutions are add-ons for Infor CloudSuites that let you innovate faster. They offer ready-made technology, tools, and processes to enhance your Infor CloudSuite so you can:

Innovate for growth

Leverage advanced technology to innovate on top of an Infor CloudSuite

Quickly realize value

Give your teams a jumpstart with pre-built processes and tools to realize fast time-to-value

Gain industry advantage

Create a competitive edge using processes and tools designed for your industry

Infor Value+ solutions are powered by Infor OS, the industry cloud platform, and consist of three categories of add-ons that use advanced technology like AI and RPA:

Value+ Enterprise Automations

Automate processes and tailor workflows to further advance how your business operates, such as:

- Invoice processing
- Workflow audit trails
- Purchase order creation
- IT/ Jira ticket creation
- PO, AP, contract, and sales quote approvals

Value+ Insights

Identify new opportunities for revenue growth and business performance improvement, including:

- Increasing customer profitability
- Enhancing vendor performance insights
- Analyzing customer ordering patterns
- Improving financial close with anomaly detection

Value+ Advanced Workspaces

Facilitate productivity by providing a central place for users to view and take action based on their role in your industry:

- Supply chain directors
- Inventory managers
- Purchasing managers
- Purchasing coordinators

About Infor

Infor is a global leader in business cloud software products for companies in industry specific markets. Infor builds complete industry suites in the cloud and efficiently deploys technology that puts the user experience first, leverages data science, and integrates easily into existing systems. Over 67,000 organizations worldwide rely on Infor to help overcome market disruptions and achieve business-wide digital transformation.
