

Infor products, software, and technology (collectively, "Infor products") may be subject to the export control laws and regulations of the United States and other relevant jurisdictions. The export, reexport, transfer, or use of Infor products must comport with applicable export controls. You are responsible for compliance with all applicable export controls. Infor provides the export control information in this documentation exclusively for informational purposes. The Export Control Classification Numbers ("ECCNs") contained herein are subject to change without notice and are a result of Infor's self-classification of its products. Infor provides this export information "as-is" with no representation, warranty, or guarantee of the accuracy or completeness of the ECCNs or any other provided export information. The information provided herein does not constitute legal advice and you should seek the assistance of competent counsel before undertaking to export, reexport, or transfer any Infor product.

Infor is in no way responsible or liable for any damages, whether direct, indirect, consequential, incidental, special, or otherwise, suffered by you or any third party as a result of using or relying upon the provided export information.
