Elevate your revenue potential
with Infor RMS Essential.

Infor RMS Essential is the partner you can't do without for enhancing your property's revenue. It harnesses detailed data from diverse sources to provide more precise predictions and superior pricing strategies, revealing valuable insights through automation and sophisticated analytics. Designed with simplicity and flexibility, Infor RMS Essential's modular and intuitive interface allows any team member (not just revenue managers) to customize their dashboards with key performance indicators that matter most to their role, boosting productivity and ease of use across your organization.

HOW WE'RE DIFFERENT

- **All-in-One:** RMS Essential's flexible architecture allows for seamless adaptation across various hotel types, sizes, and categories, accommodating different user roles and a wide range of pricing strategies.

- **Ease of Use**: Our intuitive interface empowers staff across various roles to tailor their dashboards with key performance indicators that are relevant to them.

- **Automation and Data-Driven Decision Making**: Infor RMS Essential utilizes historical data, market trends, competitor rates, and science-based algorithms for real-time demand forecasting and optimal pricing strategies.

KEY BENEFITS

- **Time to Value**: The streamlined process of automated forecasting and pricing, coupled with swift implementation, ensures rapid deployment and accelerates intelligent decision-making.

- **Deeper insights**: With the Advanced BI module, explore your data and identify trends to enhance your revenue strategies and gain a competitive edge.

- **Pay for What You Need**: Start with foundational revenue management today and effortlessly scale in line with your budget as the complexity of your organization grows and your business mix evolves.

DISCOVERY

- Do you need to understand market trends and booking patterns without adding headcount?

- What challenges are you facing in growing your occupancy and revenue in the next year?

- Do you need to understand KPI's and performance across your hotel portfolio?

REVENUE MANAGEMENT FOR THE 21ST CENTURY

Infor Hospitality designed RMS Essential to be the next generation of revenue management automation. This is not an update of an existing solution; it has been reimagined and designed from the ground up as a leading-edge technology, incorporating the wants and needs expressed by hotel professionals like yourself. With RMS Essentials, Infor Hospitality ushers in a new era of revenue management, delivering a solution that not only meets but anticipates the demands of the modern hospitality industry.
