

From mandates to modernization

Infor Cloverleaf is the fastest path forward

States have months, not years, to modernize prior authorization. By January 2026, all Medicaid programs must meet new federal requirements for a fully digital process. Those who act now can save millions in administrative costs, deliver faster care, and build the foundation for future Medicaid innovation.

Infor Cloverleaf™ is a proven interoperability solution that helps you deliver faster, more equitable care to your constituents.

Move fast with confidence

Achieve compliance in months with prebuilt connections that eliminate costly custom work

Cut costs and waste

Reduce provider transaction costs and free staff from time-consuming, manual prior authorization tasks

Built for what's next

Connect old and new systems to meet today's needs and drive tomorrow's Medicaid innovations

Infor Cloverleaf delivers the speed and trust Medicaid needs right now

Trusted by hundreds of organizations spanning public and private sectors, Infor Cloverleaf delivers measurable impact where it matters most, from integration speed to provider efficiency and data-driven oversight.

#1

interoperability platform for **7 years in a row**¹

40–60%

reduction in integration complexity and deployment time versus custom code approaches

3x

throughput versus manual processing

40%

of healthcare providers and payors rely on Infor Cloverleaf

75%

reduction in provider transaction costs

89%

of requests enabled without requiring manual intervention

Better outcomes, 100% compliance

Infor Cloverleaf is the fastest path to meeting the January 2026 mandate while setting Medicaid up for lasting success. Here's what you can expect:

- 1 Seamless data flow:** Exchange information instantly between old and new systems without costly rebuilds.
- 2 End-to-end automation:** Automate prior authorization from request to decision, with real-time guidance for staff and providers.
- 3 Rapid adoption:** Deploy faster with ready-to-go compliance tools that remove the guesswork.

Turn compliance into a catalyst for modernization in months, not years

This mandate isn't just about checking a box. It's an opportunity to modernize Medicaid services and improve care for those who need it most. Infor Cloverleaf helps states:

-  **Improve operational efficiency:** Remove manual steps such as faxing, phone calls, and paper forms.
-  **Speed access to care:** Approve requests faster and reduce patient wait times.
-  **Deliver faster approvals, fewer delays, and better service:** Build trust and confidence among the people who rely on Medicaid.

"Infor Cloverleaf gave us the interoperability backbone we needed to modernize Medicaid. By shifting to off-the-shelf, standards-based solutions, we eliminated costly custom development, avoided million-dollar change orders, and built a scalable, cloud-based infrastructure that supports FHIR®, USCDI, and real-time data exchange. Cloverleaf's flexibility and vendor expertise helped us move fast, stay compliant, and prepare for what's next."

Chris Smith

Enterprise Architect
Mississippi Division of Medicaid

About Infor

Infor is a global leader in business cloud software products for companies in industry-specific markets. Infor builds complete industry suites in the cloud and efficiently deploys technology that puts the user experience first, leverages data science, and integrates easily into existing systems. Over 67,000 organizations worldwide rely on Infor to help overcome market disruptions and achieve business-wide digital transformation.
